WASHINGTON, D.C. 20505

6 August 1979

I enclose China: A Statistical Compendium. It contains most of the data released by the State Statistical Bureau for the years 1977 and 1978. For comparison, official data for 1952 and 1957, and our estimates for 1965, 1970 and 1975-1976 are included. To round out coverage, the report also presents our estimates for GNP, population, production and consumption of energy, and foreign trade.

I hope you find the data useful and would appreciate receiving any comments you might have.

Sincerely,

A large rectangular black redaction box covering several lines of text below the signature.

Enclosure:

As stated above
